**Subject:** Council Meeting Testimony

I support Bill 10 because I also believe that the over use of one-use plastic bags is causing a problem in the Honolulu County. These bags are causing problems in our environment by creating pollution in our oceans and endangering our marine life. This ban also is closely related to my Project Citizen for Pre-AP PID class because we are focusing on the over-reliance on oils. It requires oil to make plastic bags, so reducing the use of one-use plastic bags will reduce our need for more oil. So with Bill 10 banning the use of one-use plastic bags, then it will benefit multiple areas in our economy and ecosystem.
